FOURTH STEAMER ADDED TO BIG FLOTILLA FOR HARDING

Four Great Steamers to Carry Presidential Party From Cincinnati to Point Pleasant, Ohio.

The river pageant to be staged on the Ohio in connection with the voyage of President and Mrs. Warren G. Harding from Cincinnati to Point Pleasant to attend the Grant Centenary Celebration on April 17 promises to be the most notable and most spectacular affair of the kind ever witnessed on these waters. So great has been the demand for invitations that former Chief Justice Hugh L. Nichols, chairman of the general committee on arrangements for the celebration, has negotiated for a fourth large vessel to be part of the Presidential flotilla. This will then consist of four of the largest steamers on the Ohio—the Cone Island boats, Island Queen and Morning Star, the Homer Smith, a five-decker from Point Pleasant, W. Va., and the East St. Louis. All the steamers will be in gaily array with flags and streamers and their large military bands will make the hills and valleys on either side of the Ohio resound with music as the pageant proceeds up the river.

While definite plans have not yet been perfected, it is contemplated to have the Homer Smith pick up passengers, including farmers and their families early in the morning at various ports, starting at Manchester. She will make stops for passengers at Higginport, Ripley, Maysville and Augusta. She will then proceed down the river past Point Pleasant towards Cincinnati. The Presidential flotilla will sail from Cincinnati at 10:30 a.m. with bands playing and flags flying. If the Homer Smith has not reached Cincinnati by that time she will join the fleet on the way to Point Pleasant. It is expected that almost ten thousand persons will accompany the President.

A large reception committee headed by Charles P. Taft will greet President and Mrs. Harding on their arrival in Cincinnati and will accompany them on their voyage to Point Pleasant and look after their comfort and welfare.

The only living ex-President, Chief Justice William H. Taft and Woodrow Wilson, have been invited to attend the celebration. Invitations will also be extended to the widows and children of former Presidents. Mrs. Frederick Dent Grant, widow of Major General F. D. Grant, son of General U. S. Grant, will accompany President and Mrs. Harding from Washington. Mrs. Grant's son, Major U. S. Grant III, will speak on behalf of the Grant family at the celebration at Point Pleasant and also on the two succeeding days at Bethel and at Georgetown.

A military escort of 100 men and a military band from Camp Knox at Louisville, will accompany President Harding, as will also a military escort from the 147th Infantry (the old First Regiment of Ohio). Members of the President's cabinet, U. S. Senators Willis and Pomerene, Congressmen Longworth and Stephens and other Ohio Congressmen will also be in the party.

Congressman Longworth's wife, Mrs. Alice Roosevelt Longworth, the daughter of the late President Roosevelt, and Robert A. Taft, son of former President Taft, will also attend.

MRS. SAM ROBERTS NAMED ON REPUBLICAN COMMITTEE

Widow of Lexington Editor Honored As Being Selected First Woman on Republican State Committee.

The distinction of being the first woman to be appointed a member of the Republican State Central Committee for Kentucky falls to Mrs. Samuel J. Roberts, of Lexington.

Announcement was made from Republican headquarters in Louisville Tuesday evening that Mrs. Roberts had been selected for this position by Hon. Clarence Miller, of Irvine, member of the committee from the Seventh congressional district, in compliance with a resolution passed at the recent meeting of the committee, which authorizes the appointment of a woman from each of the eleven congressional districts of the state.

The Louisville Herald, speaking of the selection of Mrs. Roberts to this political post, says:

"The appointment of Mrs. Roberts met with general approval of officials at headquarters, who say she will make an ideal member. She is the widow of the late Samuel J. Roberts, of Lexington, collector of internal revenue for the Seventh District under former President McKinley and Roosevelt."

Mrs. Roberts is vice chairman of the Fayette County Republican committee, and was very active during the last Presidential campaign in getting out the full strength of the party in that city and county, especially the Republican woman.

SPORT CHATTER.

In the way of interest to local fans a former star of the Ohio State league and a member of the Maysville club when Josh Devore led the local to the championship has made good in the big show as evident in the opening game of Brooklyn and New York. That person is Herman Deberry, now first catcher for the Dodgers who handled Reuther perfectly besides cutting in with two hits one a two bagger aiding his team to win 4 to 3.

Hervey McClellan also made his appearance in the regular lineup of the White Sox in their opener when they lost to St. Louis 3 to 2. Though making an error Mc redeemed himself with a hit.

Announcement was made Thursday morning by manager Boskins of the Rivermen that Gabe's All-Stars of Portsmouth would be taken on Sunday by the local club in their final appearance before the opening game next Thursday. Several new men have now been added to the club roster since last Sunday and the weak spots have been bolstered up until they may be considered league leaders for the coming season. Portsmouth always boasts of a strong team and this year is no exception. The All-Stars are under the management of William G. Gobin and this is assurance that it will be a hard struggle. Play will start promptly at 2:30.

STRANGER BURIED THURSDAY MORNING.

The stranger suicide who has been held for ten days in the local morgue for identification, was buried Thursday morning at the Maysville cemetery. Services were held at the grave by Rev. John A. Davis, of the First Baptist church. Efforts to identify the stranger through photographs of the body will be continued by Coroner Thomas F. Higgins.

PRESBYTERIANS END MEETING AT NOON THURSDAY

Minister Ordained at Thursday's Session—Resolutions Adopted Praise Local Church and Pastor.

The spring meeting of Ebenezer Presbytery closed at the First Presbytery church Thursday at noon after considerable business had been transacted.

Among the matters of special importance during the morning was the ordination of Mr. W. E. Donaldson, for many years a Sunday school missionary in the mountains, into the ministry of the church.

Rev. H. P. Sanders, Ludlow, was elected as ministerial commissioner to the General Assembly at Des Moines in May, and Elders R. K. McClure, of Frankfort, as lay commissioner.

At the noon repast, Rev. Dr. Bush, of Lexington, chairman of the resolution committee, offered the following:

We the Resolution Committee wish to express the deep appreciation of Presbytery to Dr. Barbour, the officers and members of the Maysville church for your most generous hospitality.

The spring meeting of Presbytery makes large demands upon a church but you have by your grace made these seem light indeed. Many of us looked forward to coming to this church, so happy and blessed a union, to get a foretaste of what must come in all Kentucky sometime. In no way was our hope too large or expectant.

We know that it is not easy to open

the same gate now days but we have made it as easy in Kentucky as of yore.

HUMANE OFFICER AND WIFE FOUND DEAD

Officials Think Phillips Shot His Wife and Then Killed Himself—Had Been Dead Since Tuesday.

Lew Phillips, 50, humane officer of Kenton county, Ky., and his wife, who was about 45, were found shot to death in bed at their home, 7 East Tenth street, Covington, Thursday morning. Covington police said Phillips shot his wife and then himself. Under his arm lay his pistol.

Dr. David W. Stephens, coroner, corroborated the belief of the police that Phillips had killed his wife and then himself.

Mrs. Phillips had been shot in the forehead and Phillips in the right temple.

The Phillipses are believed to have been dead since Tuesday, on which Phillips last was seen alive.

Committee.

The Mason county grand jury which met Thursday morning after several days' vacation, has been very busy all day Thursday and it has become known that the jury has been giving particular attention to those who have failed to take out licenses as required by the state law.

A committee of sheep raisers appeared before the jury and complained about the failure of dog owners to take out the proper licenses and pay the required fee into the treasury. For several years, the license tax has been like paid for the sheep lambs filed by owners whose sheep have been killed by dogs.

It was also learned Thursday that there are many business men in the city and county who have failed to take out various kinds of trade licenses and that the grand jury was looking into this matter very carefully. Many indictments are expected to be returned for those who are delinquent in complying with the law.

Local friends have just learned that Hon. Sam J. Pugh, of Vanceburg, former Congressman from this district, is very critically ill. Judge Pugh was stricken with paralysis while visiting his daughter in Washington City and was rushed home where he remains in a very critical condition.

Mr. and Mrs. W. J. Conaty, son and daughter, and Miss Hannah Fleming, of Richmond, W. Va., will arrive here Friday to be the guests of Mr. and Mrs. P. J. Murphy and family, of Fourth street.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

MORTALITY AMONG GOVERNMENT PUBLICATIONS.

There has been a high mortality rate among government publications since Mr. Harding became President.

During the latter part of Mr. Wilson's administration, when Joseph P. Tumulty and George Creel were trying their hand at propaganda, it was a poor bureau indeed that did not have one or more publications, daily, weekly, or monthly. The various departments, bureaus, agencies, and commissions, of whose number and disposition to meddle Senator Stanley is now belatedly complaining, printed and distributed broadcast 266 different publications, some of them very pretentious and very expensive.

Today there are no 40 such publications, and the mortality rate continues high. In the appropriation act for 1922 Congress has provided that all publications that have not been specifically authorized must be suspended. Half of the forty which are now being printed either will be discontinued altogether or be eliminated as separate publications by a process of consolidation.

As far back as 1918 the Republicans attempted to correct the evil that had grown up in this regard, by inserting a clause in the appropriation bill forbidding any executive department to issue a publication without having the authorization of the Congressional Committee on Printing.

Mr. Wilson vetoed it, and the 266 publications, employed largely in disseminating propaganda for political purposes, went merrily on their way, costing the taxpayers \$2,500,000 a year.

Times have changed, and propaganda is in disrepute with the American people who have become quite familiar with its true character, and who are well satisfied to read the news and secure information through the columns of the daily press and in the pages of the magazines.

ON GUARD!

The teaching of American history is the mask under which much internationalism, socialism, and unsound economics are being set before the present day student. School authorities must ever be on the alert to detect and eliminate the spurious American history textbooks that are upon the market.

SEMENOFF TO BE DEPORTED.

Frankfort, Ky., April 11.—Colonel Charles Morrow, brother of the governor of Kentucky, is on the way to Washington to demand that General Gregory Semenoff, the Russian, be kicked out of the country.

He is not a fit person for a civilized nation to entertain within its borders, according to the colonel, who calls the Russian a monster in human form, a sort of human butcher, who wiped out hundreds of his fellow beings.

DOES LAUNDRY WORK AND
HOUSEWORK TOO

Surprised to Find Herself Feeling So Well

Taunton, Mass.—"I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. I did not do it. I did it good, good day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had. I thought I would try it also.

I find that I can work in the laundry all through the time and do my housework, too. Last month I was surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such trouble to try Lydia E. Pinkham's Vegetable Compound, and tell them how it has helped me. You can use my testimony for the good of others.—Mrs. BLANCHE SILVIA, 69 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

IS THIS YOUR EXPERIENCE?

Many Maysville People Are Afflicted With Annoying Kidney Ills.

Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and scald in voiding? These are all signs of kidney sickness and should not be neglected. Maysville people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.

George H. King, proprietor grocery store, 615 East Second street, Maysville says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefitted by them. At times my kidneys get out of order and the secretions pass irregularly. I suffered with a severe aching through the small of my back. Whenever I have one of these attacks I use a box or so of Doan's Kidney Pills and they never fail to cure the complaint in a short time." (Statement given November 15, 1916.)

PERMANENT BENEFIT.

On November 22, 1920, Mr. King added: "The cure I spoke about in my former statement has proven absolutely permanent. I haven't had the slightest sign of kidney trouble since giving my testimony in favor of Doan's Kidney Pills in 1916."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. King had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

New York — Are you planning to "settle down" when you get to be a mere sixty years or so? Take inspiration from Miss Celeste J. Miller, who stopped off here the other day on her way home to Chicago after a trip around the world. Miss Miller is 74 years old, has just completed her sixth trip around the world, and as soon as she has that time to catch her breath and get some clothes made is going to start on her seventh. She travels alone, with a trusty cane for protection and she says it has never failed her.

Three well-known downtown brokers are going to find a permanent place in the record of Wall street, if their fellowbrokers can find a place to hand a picture of them where they can't tear it down. Now, if there is anything in the world that a broker is supposed to know, according to all tradition, it is a "sucker," and that

has some bearing on this story. The three went fishing in Connecticut last week and came away with a fine string of what they supposed were brook trout. A photographer took their pictures without disillusioning them, and it was not until they got back home and started boasting that they got the oath of piscatorial experts to the fact that the string held suckers and nothing else.

John Godino got a novel sentence in a Brooklyn police court the other day. He is to stay at home evenings and teach English to his father. John, who is 18, had refused to stop smoking in the rear of a Coney Island train. A special officer of the Rapid Transit company had him arrested. When he was arraigned in court, his father stepped forward and tried to intercede for him but could not make himself understood because he knew no English. When John told the magistrate that his father had been in this country for 18 years, the judge decided it was time the son gave him a little of his time and attention, and the sentence was pronounced.

There are many reports of death "from natural causes," but a policeman turned in a report the other day of fire "from natural causes." It was in a men's furnishing shop at 503 East 161st street, and it was caused by the sun's rays shining through a magnifying glass in the show window and setting fire to a display of umbrellas.

There have been rumors thick and fast about plans for Pauline Frederick ever since it was announced that A. H. Woods had drawn her back to the speaking stage from the pictures. The old Gracie mansion, one of New York's beautiful and best-known homes of its early days, will be preserved and turned into a museum. A group of women have succeeded in having the legislature pass a bill putting the custody of the house into the hands of the Patriotic New Yorkers, of which Mrs. John King Van Rensselaer is President. The Gracie home was built in 1799, and was the country home of Archibald Gracie, who was host to the exiled King Louis Philippe of France, General Lafayette, and scores of famous men from all over the world. It overlooks Hell Gate at the highest point of Carl Schurz Park in what is now completely built up part of the city.

CO-OPERATIVE SELLING BOOM BRINGS OUT DANGER SIGNALS

Lexington, Ky. — Co-operative marketing is experiencing such a rapid growth in many states at the present time that failure may result in some instances if certain principles of successful organization are overlooked, marketing specialists at the College of Agriculture are pointing out. There must be a real need for the co-operative marketing association before it is formed after which its success will depend upon the organization and the

business methods followed, they say. "Sufficient business must be obtained so that the association may effect economies in the handling of products," D. G. Card, one of the specialists said. "This volume of business is now commonly insured through written contracts in which the producer agrees to deliver his products to the association.

"Adequate capital for the transaction of business is necessary. This usually is furnished by a membership fee, but the sale of capital stock or by securing loans from banks or private

individuals.

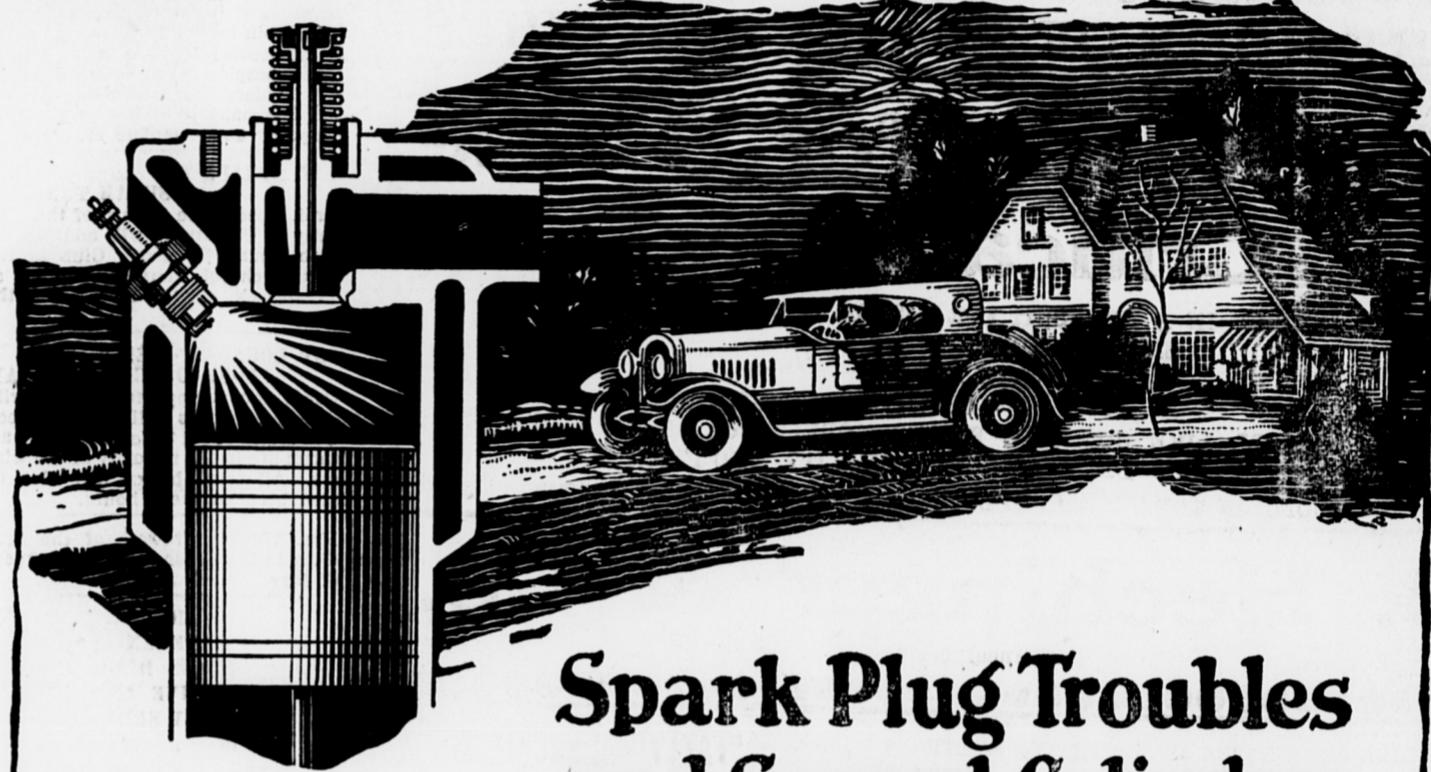

"Effective organization is the third chief requirement. The organization should be one which will hold its members together, command attention in the trade and bring about desired results.

"Capable and efficient management is one of the important points to be considered. The business manager should be selected for his business ability, his knowledge of the enterprise and his belief in co-operative effort as well as for his honesty.

"Good business methods are essen-

tial if the association is to succeed. The organization will be competing with private business enterprises and unless it can effect greater savings or perform services as well or better than the privately owned firms, it has no place in the marketing system.

"A loyal membership that will give the association its patronage is another requisite for success. A cooperative marketing association is organized for the benefit of its members and the greater the patronage, the greater will be the benefits."

Spark Plug Troubles and Scored Cylinders

are frequently caused by improper lubrication; sometimes it's the wrong grade of lubricating oil—oil not suited to the motor, either too light or too heavy in body—and sometimes by oil of inferior quality. NEGLECTING LATE LAMBS REDUCES SHEEP PROFITS.

Lexington, Ky. — A big percentage of the seconds and cull lambs that go to the market from Kentucky each year are late buck lambs, according to R. C. Miller, sheep extension specialist of the College of Agriculture. This condition is apt to result in heavy losses for sheep raisers who neglect to alter their late male lambs before sending them to the market this year, he said.

In addition to bringing a better price, lambs that are docked and altered are neater and present a more blemish appearance to prospective buyers, it was added. It has been recommended that all late lambs be docked and all males, except purebreds of quality that are to be kept for breeding purposes, be altered.

RELATIVES SHARE ESTATE OF MAN BELIEVED DEAD.

Augusta. — John Jett, who went west a half century ago and was believed dead by relatives who had no word from him for many years, died in San Francisco, according to a communication notifying nieces and

nephews of this county of bequests under his will, in which a San Francisco hospital and a nurse are also named as beneficiaries.

Public Utility Preferred Stocks

Public utility securities deservedly take high rank in the investment field. Preferred stocks of good companies especially affording many advantages of investment interest to a discriminating purchaser.

We call attention to a Public Utility Preferred stock which has back of it large equities, progressively increasing earning power and has paid regular cash dividends since original issue.

Requirements for payment of these dividends earned more than fifteen times in 1921.

"FATTY" ARBUCKLE IS ACQUITTED BY JURY

Only Took Arbuckle Jury Six Minutes To Find Movie Star Not Guilty of Miss Rappe's Murder.

San Francisco, April 13.—A verdict of acquittal was returned in the third trial of Roscoe C. (Fatty) Arbuckle on a manslaughter charge growing out of the death of Miss Virginia Rappe, motion picture actress. The jury was out six minutes.

The defendant was deeply affected. There was no demonstration in the court having warned against it. Mrs. Minto Durfee Arbuckle, the defendant's wife cried quietly. Both she and Arbuckle shook hands with the jurors.

The quick return of the jury was a surprise.

Edward Brown, whose presence on the jury was objected to by the prosecution, was foreman. There was a slight delay when the jury returned, due to the absence of the District Attorney.

The verdict was by acclamation, the deliberation taking less than a minute. The additional time was consumer by details.

Jurors and spectators crowded around Arbuckle and his counsel and finally bore him off to the jury room to congratulate him further.

"Arbuckle has no immediate plans."

Gavin McNab, his chief counsel, said.

"It was a splendid victory."
